ACTIVE PCP Vision

ACTIVE PCP aims to revolutionise first responder safety by closing critical gaps in Personal Protective Equipment (PPE). Through a Pre-Commercial Procurement (PCP) approach, the project drives R&D for next-generation, multi-hazard PPE for CBRN incidents and natural disasters, improving safety, operational efficiency, and adaptability.

OBSERVER BOARD

For Public Buyers & Practitioners

Are you a first responder (fire & rescue, law enforcement, EMS) or a public authority looking to modernise PPE? Join the ACTIVE PCP Observer Board and help shape solutions before they reach the market.

Why join?

- **Influence the Tech:** Give direct feedback so solutions match real operational needs.
- **Master Innovation Procurement:** Gain hands-on insight into the PCP framework.
- **Expert Networking:** Connect with first responders, tech providers and policy experts across Europe.
- **Real-World Evidence:** Attend live pilot tests and observe performance under realistic conditions.

SUPPLIERS GROUP

For Cross-Sector Technology Providers

Are you a company, start-up, SME, large enterprise or research organisation working on advanced materials, IoT, wearable health sensors or AI? ACTIVE PCP offers a gateway to the European civil security market through an open PCP to develop the next generation of PPE. We welcome cross-sector innovators, not only traditional PPE manufacturers, to build lighter, smarter, more resilient solutions for CBRN threats and natural disasters.

Why participate?

- **Funding for your Innovation:** 3.65 Mio EUR are made available for R&D services.
- **Co-design with the Frontline:** Prototype with public authorities and practitioners in real conditions.
- **Market Expansion:** Adapt your tech to the European civil security sector.
- **First-mover Advantage:** Access R&D funding and position for future public procurement.
